VISITOR INFORMATION CENTER DONATION

Mayor House read a letter that was from Keith Johnson, Brewster Chamber President, requesting a donation of $500 for the Visitor Information Center for 2004. It was the council’s feeling that this request should be presented before the year starts so that it can be part of the budget process and not at the end of the season. Council would like Chamber to send them a report on how many visitors’, how many phone calls and how many written requests the visitor information center received while it was open. They would also like to know what hours they were open during the summer this year. City Clerk Pam Olsen will have Debbie Minick get the required information for the October council meeting.

**OKANOGAN WATERSHED PLANNING UNIT MEETING**

Public Works Director Shenyer discussed an invitation the city received from the Okanogan Conservation District inviting our participation in the upcoming Watershed Planning Process. They asked the city to designate a representative and an alternate to be on the Planning Unit for the process. The meetings are to be held in the evening. At this time everyone pretty much has a full plate and would not be able to participate in these evening meetings. Council suggested that Shenyer contact a couple individuals in the community and see if they would be interested.

**POLICE DEPARTMENT UPDATE**

Police Chief Brent Pfundheller gave council an update on the major activities through the month of August. He also presented council with the stats for the year.

Chief Pfundheller discussed the leased car situation and the problems with the leases themselves. He also presented a new plan with regards to the vehicles. When he has total costs and loan information with interest rates and payment schedule City Clerk Olsen will call a special meeting for the council’s approval or denial and pass the necessary resolution if they approve the plan. The timeline for everything to have to be done is before the October council meeting.

Chief Pfundheller told council of the shift change that will take place for the officers. They will be going to 5 8’s instead of 10’s. This will give 24 hour coverage during harvest and cut way back on overtime.

Council brought up some of the major problems that have been occurring during parties being held at the old Gram’s Place. Alcohol is being served, there are minors that are intoxicated, there have been knifings and fights. Pfundheller stated that this position will take Hook out of the union but he will still be covered by civil service.
