PIT BULL ORDINANCE:

Mr. Orozco presented to ask if a variance to the Pit Bull Ordinance could be granted for his dog, Luna. She is currently registered with the City. The problem is that the current ordinance requires all Pit Bulls to have a muzzle on while out in public. He places the muzzle on Luna when he walks or runs her but has not found one that allows her to breathe properly when he jogs with her and that does not cause her to get sores where the muzzle sits on her face. He is asking if she can be allowed to be out in public without her muzzle. He stated that she is a good dog, very sweet and not aggressive.

Council Member Erickson stated that while she is aware that this particular dog is a good dog, she is concerned with changing the Ordinance for one dog, and what the public perception of allowing this may be. Council Member Housden agreed.

POLICE CHIEF NATTALIE CARIKER:

STATS AND UPDATES:

Chief Cariker gave the department updates and reviewed the stats for the month. Council asked where we were on purchasing the previously approved speed sign. Cariker stated that the company had changed hands so there were some difficulties in obtaining this, but she is still working on it. Council had no further questions or concerns.

CHIEF DYLAN GAMBLE – FIRE DEPARTMENT UPDATES:

Fire Chief Dylan Gamble gave department updates and reviewed recent activities of the Fire Department. Ruiz stated she would get the report together for the next City Council Meeting.

This is the same agreement that we have for the current handheld reader, with the only difference being the frequency and a change in the legal jurisdiction.

  **MOTION:** Council Member May made the motion to authorize the Mayor to execute the Sensus Meter Reading Antenna agreement and to move forward with the project. Council Member Rieb seconded the motion and it passed unanimously.

  **MOTION:** Council Member Hurtado made the motion to authorize the Mayor to execute the amendment for the Horizon Tower Lease Agreement and for the Sensus Meter Reading Antenna, with the antenna being set at height of 55 (fifty-five) feet at no additional cost to the City except for the actual cost of installation. Council Member Rieb seconded the motion and it passed unanimously.

- Webster reported that the grading is near complete at the airport, and the weeds/alfalfa have been sprayed which is now causing a dust issue. Hard surfacing will be brought in on the shoulders to eliminate the dust issue which will consist of hard aggregate that will be watered in.

- The Fire District is pursuing a FEMA Grant for a portable generator which will be installed at the Fire Hall.

- The ribbon cutting ceremony at the new playground equipment area was held. There was a great turn out and it has been getting a lot of use.

- The discussion was brought up regarding the Cemetery debris pile, and its accessibility on Thursdays. It has been noted that there is little to no use, and it is mostly contractors. Recently, there was an issue with someone driving through the cemetery itself, and this person was trespassed from the cemetery. Following a lengthy discussion:

MOTION: Council Member Housden made the motion to delegate the setting of the hours, days and/or months of the Cemetery Debris Pile operation to the Public Works Director, in consultation with the Mayor, effective June 14, 2018. Council Member May seconded the motion and it passed unanimously.
