ANNA MARIE DALBNEY – CITIZEN CONCERN:

Ana Marie Dalbey presented on behalf of other citizens who expressed a concern to her about homeless people and the safety of our residents. Apparently, people have been seen eating out of garbage cans at local businesses and recently someone reported to her that there was issue with a trespasser and that it took the police 45 minutes to arrive. Council Member Hurtado stated that he spoke with this homeowner and that while this did occur outside of the City limits and it did take a County Deputy nearly 40 minutes to respond, our local officer on duty did respond within minutes. With respect to the homeless people, Interim Chief Nichols stated that there are at least two people who are classified as homeless in the City limits, and both of these individuals have refused assistance for housing and other forms of help. The officers are aware of the issues that are occurring in the area and are doing their best to address them when they are made aware. As always, he encourages citizens to call if they see any suspicious or illegal activity occurring.
